III. Prejudging: Elimination Round

Note: Elimination rounds will only be applied on national and professional shows.

A time-table for prejudging in each category should be published after the Official Athlete Registration. In order to give themselves time to warm up and change into their posing attire, competitors should be in the backstage warm-up area at least 45 minutes prior to the start time of the judging of their category. All competitors will be solely responsible for ensuring that they are present and prepared to compete when their category is called onstage failing which they may be eliminated from the competition.

IV. Elimination Round Procedures:

Note: Elimination rounds will only be applied on national and professional shows.

An elimination round will be held when there are more than 15 competitors in a category. IFBB Chief Judge decides if the Elimination Round will be necessary. The elimination round will be carried out as follows:

VI. Judging Criteria

a. The assessment should take the whole physique into account. The assessment, beginning with a general impression of the physique, should take into consideration the hair; the overall body development and shape; the presentation of a balanced,

IFBB Physique America

Women's Body Fitness (Figure)

proportionally and symmetrically developed, complete physique; the condition of the skin and the skin tone; and the athlete's ability to present herself with confidence, poise and grace.

b. The physique should be assessed as to its level of overall body tone, achieved through athletic endeavors and diet. The body parts should have a nice and firm appearance with a decreased amount of body fat but may have a "softer" and "smoother" look than in Women's Body Fitness (Figure) or Women's Physique, but a rounder, fuller look than Women's Bikini. The physique should neither be excessively muscular nor excessively lean and should be free from muscle separation and/or striations. Physiques that are considered too muscular, too hard or too lean must be marked down.

c. The assessment should also take into consideration the tightness and tone of the skin. The skin tone should be smooth and healthy in appearance, and without cellulite. The hair and makeup should complement the "Total Overall Look" presented by the athlete.

d. The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment she walks onstage until the moment she walks offstage. At all times, the Bikini Fitness competitor must be viewed with the emphasis on a "healthy and fit" physique, in an attractively presented "Total Overall Look".

e. Judges are reminded that this is not a Women's Physique contest. The competitors should have shape to their muscle but not the size, definition or vascularity that is seen at Women's Physique competitions. Any competitor who exhibits these features is to be marked down.

VII. Scoring of the Elimination Round

- a. The judges will be assessing the overall physique for the degree of proportion, symmetry, balance, shape and skin tone.
- b. If there are more than 15 competitors, the judges will select the top 15 by placing an "X" beside their numbers. IFBB Chief Judge decides if the Elimination Round will be necessary.

Women's Body Fitness (Figure)

- c. Using Form 2, entitled "Elimination Round (Statisticians)", the statisticians will transcribe the judge's selections onto this sheet and will then tally the judge's scores to select the top 15 competitors.
- d. If there is a tie between two or more athletes fighting to enter the top 15, the tied athletes will be brought back onstage, and the judges will perform a reassessment of the four quarter turns to break the tie.
- e. Only the top 15 competitors will advance to Round 1.

VII. Prejudging: Presentation of Round 1

Judging panels will consist of 7 or 9 Judges.

- a. The entire line-up is brought onstage, in numerical order and in a single line. Each semifinalist will be introduced by number, name, and country/state.
- b. The line-up will be divided into two equal-size groups and will be positioned onstage so that one group is to the left of the stage; the other group is to the right of the stage. The center portion of the stage will be left open for comparison purposes.
- c. In numerical order, and in groups of no more than eight competitors at a time, each group will be directed to center-stage

area to perform the four quarter turns. Performing each quarter turn, competitors will stand motionless.

d. This initial grouping of competitors, and performance of the quarter turns, is intended to assist the judges in determining which competitors will take part in the comparisons that follow.

e. All judges submit their individual propositions for the first comparison of the top five athletes to the IFBB Chief Judge. Based on them, the Chief Judge will form the first comparison. The number of athletes to be compared will be determined by the Chief Judge but no less than three and no more than eight competitors will be compared at any one time. Then the judges may be asked to submit individual propositions for the second comparison of the next five athletes, included competitors placing in the middle of the group. The IFBB Chief Judge will form the second and the next comparisons till all competitors will be compared at least once. The total number of comparisons will be decided by the IFBB Chief Judge.

f. All individual comparisons will be carried out center-stage.

g. Upon completion of the last comparison, all competitors will return to a single lineup, in numerical order, before exiting the stage.

h. Each judge will award each competitor an individual placing from 1st to 15th, ensuring that no two competitors receive the same placing.

i. The statisticians will collect the Judges Form from the Judges and will then transcribe the Judge's placings onto the Statisticians Score Sheet. They will then discard two highest and two lowest scores (if

nine judges) or one highest and one lowest (if seven judges) for each competitor, will add up the remaining five scores to produce a "Round 1 score" and a "Round 1 Place". The competitor with the lowest score is awarded 1st place while the competitor with the highest score is awarded 15th place.

j. Should a tie occur in the "Round 1 score" in determining the top 6, the tie will be broken by adding in the eliminated highs and lows. If a tie still exists, the two athletes will be brought out on stage and the judges will decide between the two.

k. The top 6 competitors from the Prejudging will advance to the Finals and will start the Finals with zero points.

IX. FINALS

a. The attire for Round 2 will conform to the same criteria as for Round 1. Competitors may use a different costume that in Round 1; however, it must still conform to the standards of taste and decency as described as describe for Round 1.

b. The top 6 finalists will be called on stage, one by one, in numerical order. The competitor will walk to the center of the stage, will stop and perform four different positions of her choice. The competitor will then walk to the line-up in the rear part of the stage.
